

TRRISHVIN BHARATI

Aspiring Software Engineer | Frontend-Leaning Full-Stack Builder

Mira Road, Thane – 401107 | +91 9324455307 | trrishvin120923@gmail.com | [LinkedIn](#) | [GitHub](#)

CAREER OBJECTIVE

Third-year B.Sc. IT student who enjoys solving real problems more than sticking to one stack. Comfortable reasoning through data structures and algorithms, writing clean JavaScript (ES6+), and picking up new languages and frameworks (Java, Python, C#, Spring, .NET) as a project needs them. Built and shipped two full-stack web apps end-to-end, including authentication and database design with Supabase; confident communicating with clients and teammates in English, and curious to keep exploring AI-assisted development workflows.

TECHNICAL SKILLS

Programming & Fundamentals: JavaScript (ES6+), TypeScript; solid grasp of programming logic, data structures, and problem decomposition; writing clean, maintainable code

Web Development: HTML5, CSS3, Responsive Design, DOM Manipulation, UI/UX principles

Databases: SQL fundamentals, Supabase (Auth & DB design), exposure to relational + NoSQL-style data modelling

Tools & Practices: Git & GitHub (version control), Google Workspace, modern dev tooling; open to Agile/collaborative workflows

Currently Building Toward: Object-oriented languages (Java/Python/C#), Spring/.NET fundamentals, CI/CD basics — actively learning to round out full-stack readiness

TECHNICAL PROJECTS

NexxtKadam — Online Career Guidance Portal

[GitHub Repo](#)

- Engineered a full-stack career guidance portal with a responsive frontend architecture built in Vanilla JavaScript (ES6+), aimed at helping underprivileged students access career resources and scholarship information.
- Optimized DOM manipulation and UI rendering for smooth navigation across career paths and content sections.
- Integrated Supabase for secure user authentication and backend/state management, including designing the data model behind it.

Urban Eats — Food Review Portal

[GitHub Repo](#)

- Developed a responsive food review web application with structured review cards and an archive layout.
- Used modern CSS layout techniques and interactive scripting to ensure smooth navigation across devices.

EXPERIENCE

Cyber Security Warrior — Student Training & Outreach

Quick Heal | Sep 2025 – Feb 2026

- Delivered structured cyber security awareness sessions to diverse audiences as part of a large-scale outreach initiative, sharpening public communication and audience handling skills.
- Planned and led a mass awareness session that earned local newspaper coverage.

Secondary Data Researcher

Cloud Chemicals | Jul 2025 – Aug 2025

- Researched, compiled, and organized information into structured formats for internal reporting — practice in analytical thinking and attention to detail.

EDUCATION

Bachelor of Science (B.Sc.) in Information Technology

Jul 2024 – Present (Exp. 2027)

Thakur Ramnarayan College of Arts and Commerce (TRCAC), Dahisar

AWARDS & ACHIEVEMENTS

- Winner: Multiple inter-school drawing competitions.
- Athlete: Completed a 10K marathon for the Pargad Heritage Run (2023).
